Wetrok Granufloor

Floor maintenance cleaner

Recommended dosage (in cold water):

Maintenance cleaning
1 stick for 8 l of water

Maintenance cleaning
1 stick for 10 l of water

Benefits:

Innovative, solvent-free granulate maintenance cleaner with very good wetting properties.

More savings in storage and transport costs plus 100% dosing accuracy.

Application:

For maintenance cleaning of washable surfaces and floor coverings (PVC, natural and artificial stone, clinker, asphalt, linoleum, natural rubber, etc.).

Please note:

Not suitable for high-gloss surfaces. When dissolving the cleaning granulate: Do not seal the container/tank (gas formation)

Properties:

Pre-portioned, self-mixing cleaning granulate

Dissolves very quickly

pH neutral (in application solution)

Scented

Dyed green

Non-foaming

pH value of the application solution:

Important ingredients:

Surfactants, fragrances, colouring agents, polycarboxylates

Storage / shelf-life:

Store in original container in a cool, well-ventilated location.

Shelf-life of the sticks (un-opened): Minimum 24 months.

Recommended application methods:

Damp wiping (by hand)

Soak your cloth with cleaning solution and wring it out well. Wipe the entire surface with the damp cloth.

Wet mopping (by hand)

Dust mop or dry vacuum the floor surface to remove dust. Soak mop with cleaning solution, wring out well and wet mop floor covering.

Scrub drying

Fill tank with fresh water. Add pre-portioned, self-mixing cleaning granulate. Remove any loose dirt, and dust mop or dry vacuum the floor. Thoroughly clean the floor covering with a scrubber-drier and suitable pad or brush.
