Wetrok Granusan

Sanitary maintenance cleaner

Recommended dosage (in cold water):

Maintenance cleaning

1 stick for 4 l of water

Foam cleaning by hand

1 stick for 1 Wetrok foam bottle

Benefits:

Innovative acidic granulate cleaner for limescale removal and general cleaning.
Suitable for medium hard water.
More savings in storage and transport costs plus 100% dosing accuracy.

Application:

For maintenance cleaning of washable and acid-resistant surfaces (sanitary porcelain, fittings, ceramic tiles, bathrooms, showers, washrooms and WCs, etc.).

Please note:

Add the cleaning granulate to a filled foam bottle, close and shake the foam bottle vigorously for 30 seconds to completely dissolve the granulate. Wetrok Granusan is not suitable for acid-sensitive surfaces (limestone, marble, clinker, aluminium, etc.). The exterior of the sanitary fitting must not be warm when cleaning.

Properties:

Pre-portioned cleaning granulate
Dissolves very quickly
Highly acidic (in application solution)
Scented
High-lather
Dyed red

pH value of the application solution:

Important ingredients:

Surfactants, acids, fragrance, colouring

Storage / shelf-life:

Store in original container in a cool, well-ventilated location. Shelf-life of the sticks (un-opened): 24 months. Use mixture within 7 days.

Recommended application methods:

Damp wiping (by hand)

Soak your cloth with cleaning solution and wring it out well. Wipe the entire surface with the damp cloth.

Damp wiping (with foam, by hand)

Apply the cleaning foam in an "X" form on a folded cloth, then damp wipe the surface (use the fold technique).
